WHO WE ARE

FEEDING CHILDREN EVERYWHERE

Feeding Children Everywhere is a social charity that empowers and mobilizes people to assemble healthy meals for hungry children. The movement began in 2010 after Don and Kristen Campbell participated with a small group of volunteers sending meals to Haiti following the devastating earthquake.

Inspired to do more, the Campbells scraped together the family's humble savings and founded Feeding Children Everywhere. The "secret ingredient" of the movement happens when generosity, hands on volunteer participation, and the efficient assembly line system converge at a meal packaging event.

EMPOWER

MEAL PACKING EVENTS

HANDS ON PARTICIPATION

Feeding Children Everywhere makes the process to sponsor an event simple and easy. We provide all the necessary tools to mobilize corporate teams, organizations, and community volunteers to package meals. The packing event assembly line system is set up and run by our team of dedicated professionals requiring minimal involvement from the sponsor. In fact, it's so efficient that Feeding Children Everywhere can mobilize up to 5,000 volunteers to package meals at a single location.

MOBILIZE

THE MEAL

ONE QUARTER MAKES A DIFFERENCE

The healthy ingredients of lentils, rice, dehydrated vegetables, and pink Himalayan salt can be packaged and shipped for 25 cents per meal. The meal is delicious and at the same time provides a balance of protein, vitamins and minerals. This healthy blend of ingredients is designed to combat the effects of malnutrition, support the body's ability to learn, and provide hungry children with hope.

\$1.00 = 4 MEALS

FINANCIAL TRANSPARENCY

It's simple. Every dollar donated provides four healthy meals to hungry children around the world. That's our commitment to you. Each meal packaging project can be viewed through the events page of our website and anyone can sign up to volunteer. Once packaged, the meals are shipped to hungry children in the United States and internationally. We've also provided a helpful page for donors and event sponsors to see the difference their contribution is making.

MAKING A DIFFERENCE**

THE IMPACT

EDUCATION IS THE KEY

There are over one billion people at risk of going hungry each day. Nearly 20% of people live on less than \$1 per day. In the United States over 40% of children in public schools are on the government sponsored free and reduced price meal program. The USDA estimates that over 14 million children in the United States are hungry right now. The Feeding Children Everywhere movement is battling the crisis by sending millions of meals to schools that serve hungry kids on four continents including right here at home. Internationally we are sending meals to East Africa, West Africa, Southeast Asia, Caribbean, Central America, South America. Domestically we are sending meals to crisis food pantries in public schools across the United States.
