

Women's Walker Bag Instructions

1. Using the sewing thread, stitch around the entire perimeter of the fabric circle with a running stitch approximately $\frac{1}{4}$ inch from the edge of the fabric.
2. Gently pull on the thread to gather the stitched edge tightly into the center and create a flower. Secure with a stitch. (Gathered side is the top of the flower.)
3. Without cutting thread, place flower on pocket of bag, placing the button in the center of the flower. Using the same thread used to gather the circle, sew the button on, sewing through the flower and pocket layers. Pull thread securely through each button hole 2-3 times
4. Knot off thread securing it to the backside of the fabric.

Step 1

Step 2

Step 3

5. Using the crosheen, blanket stitch the outer edges of the pockets on both sides as shown:

RUNNING STITCH

Running Stitch Instructions:

To work the running stitch, insert your needle through the back side of the fabric at your starting point. Next, weave the needle in and out of the fabric, taking several evenly-spaced stitches. Pull the needle through and repeat to the end of the stitching area.

Blanket Stitch Instructions:

Push needle through both layers of felt about $\frac{1}{4}$ inch in from the edge. Pass needle through the loop of thread created and pull taut, but not tight enough to pucker the fabric. Make even stitches $\frac{1}{4}$ -inch apart (Refer to diagram at left for size)

Please return project and supplies to the Wheelchair/Walker Bags table in the hallway.

Thank you for your service!
